Millionaire in the Making

No doubt you have heard that most lottery winners lose, spend, squander or give away all of their new found money within a few years of winning it.

In fact, 80% of lottery winners in the United States file Bankruptcy within 5 years. The reason is because they failed to develop a millionaire mind-set. As a result, they subconsciously re-create the reality that matches their previous mind-set. They feel so uncomfortable with that much money, they find some way to get back to their old familiar comfort zone.

We have a similar comfort zone for the kinds of restaurants we eat in, the hotels we stay in, the kind of car we drive, the houses we live in, the clothes we wear, the vacations we take and the type of people we associate with.
